## MESSAGE

I am glad that Manarat International University (MIU) is holding its 2nd Convocation on 30 July 2023. I want to congratulate the graduates on completing their higher education.

Our Government has accelerated the country's higher education in several ways. There were only five universities in the country with only twenty thousand students after the Liberation War. But, in the last few years, the Government has created opportunities for 3.5 million students to pursue education from different public and private universities.

I believe that education opens up opportunities for success and makes us better, wiser, and more capable individuals. Through education, we gain the knowledge and skill to make informed decisions that pave the way for achieving our goals.

I also hope that the graduates of Manarat International University (MIU) will use the knowledge and skill they gained to impact our nation positively.

I wish the 2nd Convocation of MIU a great success.

On this momentous occasion, I would like to convey my warmest congratulations and felicitations to the graduating students, their proud parents, the teachers, and the university administration.

Graduates with quality education would be more competitive in inventive and creative human capital, meaningful employment, and larger contributions to the nation's socioeconomic growth. ## MESSAGE

It is an immense pleasure, not only for me but also for the entire Manarat International University (MIU) family, to greet and applaud the graduates of MIU from Fall 2008 to Fall 2022. And indeed, it is a moment of pride and honour for the parents and guardians to see their wards in the convocation gowns and to be formally conferred the degree by the Highest State Authority, the Honorable President of the People's Republic of Bangladesh, the Chancellor of the Universities. In this auspicious moment, I also realize the bliss among the teachers, officials, and staff of the University to get the long-awaited 2nd Convocation of MIU to be held on 30 July 2023. I wholeheartedly congratulate the graduates and offer my heartfelt thanks to all concerned who have been there to make this day come true.

Since its inception in 2001, MIU has contributed to our dear motherland's national development, imparting quality higher education in the best possible modern ways, blended with moral and ethical values, and, very importantly, at an affordable cost to accommodate the maximum. I am proud to announce that our graduates are well-settled in the country, and also their name and fame have availed the anticipated global exposure through their hard work and dedication. I am of the firm opinion that in the days ahead, the MIU graduates will be contributing with further international exposure through the unique guidance of our Board of Trustees and the dedication of the faculty members and employees of all levels.

At this moment of ecstasy, our nation needs to know that MIU has always been the University with a unique non-profit motif. We have a set of brilliant faculties who are highly committed to their academic responsibilities to groom the students and make them the future leaders of the country and the world. Like any other university, we also have some limitations; still, MIU is the exception among all other private universities for always being in the process of self-assessment to improve as per the need of the moment and demand of the time. And through this extreme vigour of the entire Team MIU, the University is on the stream to fulfil the dream of the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman, for making the "Shonar Bangla."

May Almighty give us the strength to continue our honest efforts of nation-building through the ideologies of our Father of the Nation, the Smart Bangladesh Vision 2041 of our Honourable Prime Minister, and the spirit of our Liberation War 1971.

Joy Bangla! Joy Bangabandhu! May Bangladesh live long!

**Sadeka Halim, PhD**

We are pleased to celebrate the 2nd Convocation of Manarat International University (MIU). It is a day filled with pride, joy and a sense of accomplishment for each of the graduates working tirelessly to reach this significant milestone in your academic journey. I extend my heartfelt congratulations to all the MIU Graduates participating in the 2nd Convocation.

Manarat International University (MIU) was established in 2001 with the vision of ensuring international standards in higher education, providing quality education, and contributing to producing a future generation with high morals. Since its establishment, it has always been committed to nurturing a community of passionate and dedicated students, fostering an environment that promotes academic excellence, personal growth, and the pursuit of knowledge. As we stand here today, witnessing the fruits of our collective efforts, it serves as evidence of this University's steadfast dedication to delivering quality education and shaping the future leaders of our society. I would express my heartfelt appreciation to the faculty members, administrators, and staff of MIU for their unwavering commitment to delivering a remarkable educational experience to all students.

Today, we honour students' academic achievements, personal growth, and transformation. Each student has encountered challenges, overcome obstacles, and developed increased strength and resilience. You have not only acquired knowledge in your respective fields but have also developed critical thinking, problem-solving abilities, and a global perspective that will enable you to navigate the complexities of the ever-changing world. Furthermore, on this auspicious occasion, we emphasize the importance of vital issues like education, technology, and women empowerment that will shape the future of our society and the next generation. Education has always been the cornerstone of progress and development in any community. It is the key that unlocks the doors of opportunity and empowers individuals to shape their potential. Now, as a graduate, remember that education is not merely the acquisition of knowledge; it encompasses a never-ending process of learning, fostering critical thinking, and nurturing

personal development throughout one's lifetime. Let your education be the foundation upon which you build a prosperous future for yourself and contribute to the development of our beloved country.

In our contemporary period of rapid technological advancements, we must acknowledge and appreciate the profound transformative power of technology.

Technology has the potential to revolutionize every aspect of our lives, from healthcare and agriculture to governance and communication. It can bridge gaps, enhance efficiency, and swiftly accelerate progress. As graduates of Manarat International University, you have been equipped with the knowledge and skills to leverage technology effectively. Embrace it, for it is the driving force behind innovation and economic growth. Use modern technology to develop intelligent solutions, improve efficiency, and bring about positive transformation in all sectors of our society. In our pursuit of establishing a "Smart Bangladesh", we must also acknowledge and tackle the societal challenges that hinder our development. Poverty, inequality, gender discrimination, and environmental degradation are just a few challenges we face. Women empowerment, for example, is crucial in our pursuit of a "Smart Bangladesh." Throughout history, women have consistently played a pivotal role in our society, but regrettably, they have often been denied equal rights, opportunities, and recognition. As educated individuals, you are also responsible for advocating for social justice, inclusivity, and sustainability. Therefore, it is essential to apply your

acquired knowledge to raise awareness, question societal norms and gender stereotypes, advocate for gender equality, and actively find solutions that optimize the well-being of marginalized people.

Finally, the message that I would like to give to the students is that as you step into the next phase of your lives, it is essential to remember that you are the torchbearers of a would-be technologically advanced country, our "Smart Bangladesh." Take advantage of the potential of education, technology, social awareness, and women empowerment to create an inclusive, sustainable, and prosperous society. Be the change agents who will shape the future of our nation. Embrace innovation, think critically, and work tirelessly to overcome the challenges we face. The world desperately needs individuals like you, armed

with knowledge, compassion, and determination. Always strive to be a part of whatever change you desire, and let your actions serve as a source of inspiration for future generations. I wish you success in all your future endeavours.

## History of MIU

Manarat International University (MIU) was established in 2001 to ensure international standards in higher education and produce a future generation with high morals. Manarat International University (MIU) is one of the few private universities in Bangladesh, which had built its premises at the time of receiving the Charter from the Government. MIU was born with a vision to inculcate ethical and moral dimensions while offering comprehensive professional training. The Ministry of Education of the Government of Bangladesh permitted Manarat to establish a university under Private University Act, 1992, as amended in 1998 and 2010 respectively. On the 3rd April 2001, the birth of MIU was confirmed with the Charter awarded to it by the Ministry of Education on the recommendation of the University Grants Commission. MIU was inaugurated on the 21st of May 2001 amidst a modest ceremony arranged for the first batch of incoming students and their guardians. The spirit of MIU is to foster a congenial atmosphere for intellectual growth, moral uplift and professional excellence. MIU epitomizes the quintessential amalgamation of academic development, enriched co-curricular environment and commitment to principles and values. The courses and all aspects of the academic program are modelled on North American universities reflecting a rich blend of sub-continental issues. As the founder, the MIU Board of Trustees is fully committed to providing unstinted support and upholding the spirit and purpose of MIU. It is imperative to mention the names of those illustrious individuals who rendered relentless support and encouragement in their best possible capacities. Without them, this manifest destiny of the noble institution could not have been achieved. Therefore, MIU extends its profound gratitude and warmest regards to the Board of Trustee members who have been instrumental as well as cardinal to realize a dream that has been cherished by the entire Muslim Ummah.
